Criteria For Success:

J likes apps that are designed not to be used. He wants to set up something and have it work forever.

Needs

- Needs to keep track of his dogs
- Just needs a method that works, and isn't full of ads or costs a bunch.

Wants

- J would rather not have to change batteries all the time
- Would like to know if he has to change the batteries on his tracker

Values

- Simplicity
- Ease of Use
- Dogs
-

Fears

- His dogs are going to get lost
- Tracker microtransactions will hit him when he's low
- He'll get busted and won't be able to pay for closed source solutions and he'll lose his ability to see his dogs
